

OttLite® wellness series

3 Out Of 4 People Experience Eyestrain Daily

Eyestrain is more prevalent than we think. Which means things we enjoy most are often cut short when itchy, fatigued eyes get in the way. The solution? The OttLite Wellness Series!

The Wellness Series Reduces Eyestrain by 51%

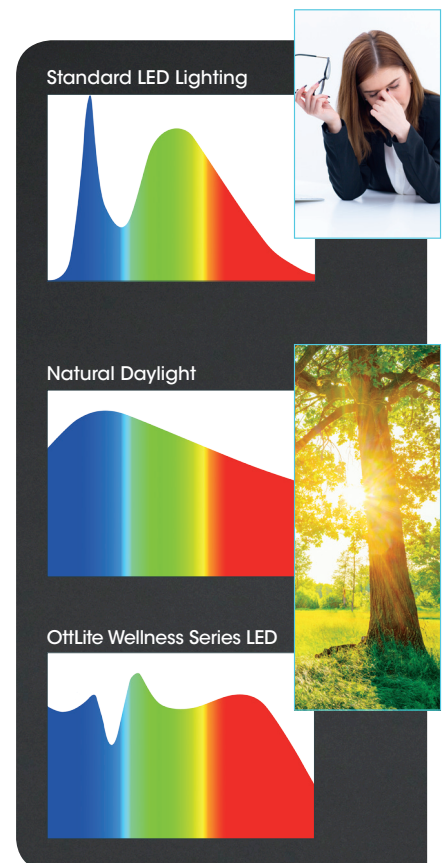

There isn't another LED out there that can say that. Going head-to-head with the top 20 best-selling LED lamps, the OttLite Wellness Series LEDs performed 51% better on the Eye Fatigue Index (EFI).

OttLite is the Healthiest Light You Can Buy

After working for over 2 years with researchers and engineers, OttLite developed a proprietary LED technology to match the sun's color spectrum as closely as humanly possible, making the OttLite Wellness Series the healthiest light you can buy!

Health & Function

Not only are they the healthiest lights available, the Wellness Series has features such as stylish designs and USB ports to charge your smartphones and tablets so they're perfect for any room in your home or office!
